# Using “Select from Room List” – Woodruff/Clifton

As Woodruff and Clifton Tower offer suite-style living, the room list will display more information when you are selecting a room in these buildings.

MyHousing will display the number of vacancies for **BOTH** the suite and each room inside the suite.

For Example: “Spots” indicate “1” means there is another student in 203.

Once you have identified the room you want, click “Select Room/Suite” to make your selection.

The screenshot displays two room listings for Woodruff Hall. The first listing is for 'ATL Woodruff Hall - 203'. The main content area on the right is titled 'Your Room Selection' and contains a congratulatory message: 'Congratulations! Your room selection process is complete! Your room assignment has been saved. You and your roommates will receive a confirmation e-mail shortly.'

# Going “Random” During Housing Selection

- During the Housing Selection Process, all students will be selecting their housing assignment for the upcoming academic year. MyHousing does not have a feature where it will assign you to a random room.
- If you wish for a random roommate/suitemate, you may either:
  1. Select a complete open room/suite and wait for another student to join you later when they select your room/suite.
  2. Select a partially open room/suite. You will be joining another student whom you may not know.
- MyHousing will display the floor rosters on Day 2-3. There, you can see the student’s name, but not the roommate preference within their housing application.

# Have a Plan B! and C, D, E, or even F for Housing Selection

- There are limited number of vacancies within each community.
  - Few/Evans accounts for approximately 20% of the second-year housing options.
  - Clifton Tower has 20 3-bedroom suites and 6 3-person suites.
  - Woodruff Hall has 3 single-bedroom suites.
  - There are fewer single rooms in the second-year communities than first-year communities.

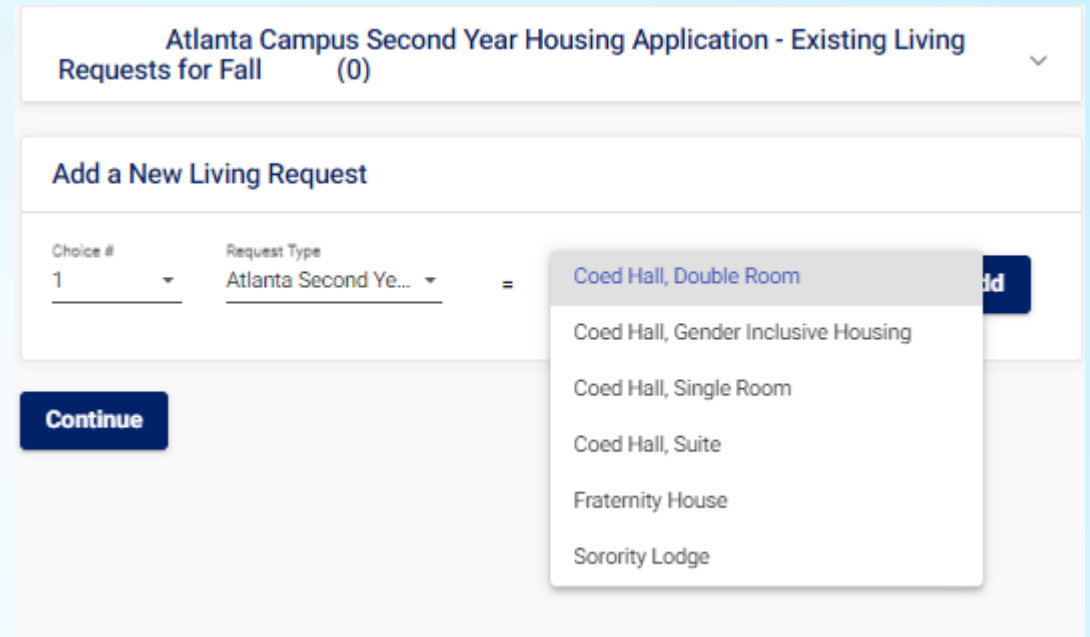

# Living Preferences in Your Housing Application

Within the housing application, you may indicate up to 3 *Living Requests*.

Final housing assignments will be based on what you select during housing selection, your requests will have **no influence** of rooms you see during housing selection.

Housing Operations recommends you list three different types of Living Requests in the event we need to make an assignment for you.

The screenshot displays the 'Atlanta Campus Second Year Housing Application - Existing Living Requests for Fall (0)' interface. It features a section titled 'Add a New Living Request' with a form containing a 'Choice #' dropdown set to '1' and a 'Request Type' dropdown set to 'Atlanta Second Ye...'. A blue 'Continue' button is positioned below the form. A dropdown menu is open, listing several housing options: 'Coed Hall, Double Room', 'Coed Hall, Gender Inclusive Housing', 'Coed Hall, Single Room', 'Coed Hall, Suite', 'Fraternity House', and 'Sorority Lodge'.

# After Selection Has Concluded

- Did you pick a space but you're not happy with it and you'd like to change it? Our **"Housed Student Waitlist"** will open after selection has concluded.
- This is an opportunity to place yourself on a waitlist for another room type/building **while remaining assigned** at the space you selected.
- Students who picked a room will receive more information via email.
