

This Residential Housing Agreement (“Contract”) is a legally binding agreement between the individual student (“you” or “resident”), or their parent/guardian, if the student is a minor, and Emory University (“University”). The agreement is for the academic year, exclusive of any summer terms, and entitles the student to the use of assigned University housing, only in such manner as set forth herein, and in accordance with regulations of the University. It does not constitute a commitment of admission to or continuance at the University. This agreement does not constitute a lease and no estate, tenancy or any other interest in property is conveyed to the student hereby, nor is any usufruct granted to the student hereunder. Rather it is the parties' intent that this agreement constitutes a temporary revocable license agreement between Emory University, as licensor, and student, as licensee.

By signing this agreement, the student (and their parent/guardian, if the student is a minor) is committed to the *Terms and Conditions* as stated for the duration of the academic year and assumes all financial obligations. Student and/or their parent/guardian should carefully read the *Terms and Conditions* of this agreement.

TERMS AND CONDITIONS

1. ELIGIBILITY

Emory University has a two-year residency requirement for all first-year and second-year students. All enrolled students with less than four academic semesters earned (fall/spring semesters only), prior to the start of the semester in which they enroll must reside in University-owned or leased housing, unless specifically exempted from the requirements by the Senior Director of Housing Operations or their designee. All residents in on-campus housing are required to participate in a campus dining plan or qualifying fraternity meal plan.

Any student who seeks to qualify for an exemption from University housing must do so before entering into a housing agreement. A student, signing this housing agreement, enters a contractual obligation with the University. Exemptions may be granted if the student's permanent residence is within a 30-mile radius of the Atlanta campus, for a medical condition documented with the Department of Accessibility Services (DAS) and for which housing cannot be provided, or because the student is married or must live with a dependent. If a housing exemption is granted after the student has completed the housing agreement and received a housing assignment, the student and/or parent or guardian will be responsible for any cancellation fees in place at the time of their exemption request.

2. MINOR CONSENT

All students who are under the age of 18, as of the signing of this housing agreement, are required to have their parent/guardian sign and accept responsibility for the terms and conditions of this agreement. The student agrees to abide by all residential and University policies and regulations.

3. HOUSING AGREEMENT

All students requesting University housing must submit a signed online housing agreement. Returning residents must renew their online housing agreement each academic year.

4. CONTRACT LENGTH

The housing agreement is binding for the entire academic year, or the remainder of the academic year thereof, and does not include any summer terms. If, at any time, the student ceases to be enrolled at the University, this agreement shall be terminated in accordance with the terms herein.

5. WINTER BREAK

University housing at the Atlanta campus is closed during the winter break, which is between fall and spring semesters. The residential facilities close at noon on the first day of the break period and reopen at 10:00

a.m. on the last day of break. Residential facilities at the Clairmont campus will remain open during the winter break for students who request winter break housing at the appropriate time.

6. PAYMENT OF FEES

The student (and parent/guardian if the student is a minor) agrees to pay the University all fees, including but not limited to housing, dining, tuition, and other associated fees when due and payable as required by the University. Housing fees and related charges (lockout, lock change, damage fees, etc.) are billed per student, per semester, through the student's University account.

7. USE OF RESIDENTIAL BUILDINGS

The use of the residential buildings is limited to the student contracted with and assigned to University housing. A student who has contracted with the University for housing may not sublet, loan, rent, assign, or transfer the agreement to another person. The student shall not use any residential space as a sales room, storage location for commercial activity, or conduct any type of business.

The student cannot use open spaces, or a bedroom with vacant space, as a single room unless authorized by the housing office. Additional occupants shall not reside within the residential building other than those assigned or allowed by University policy. Students are required to occupy their rooms by 5:00 p.m. on their assigned check-in date. If the student fails to occupy their room by the designated day/time, they will continue to be bound by this agreement, may lose their current room assignment, and may be reassigned to another space unless prior notification of delayed arrival is granted by the housing office. Failure to occupy a room does not excuse a student from the terms of the housing agreement.

8. ROOM ASSIGNMENTS AND CHANGES

- a. Housing assignment information is available to students via their **MyHousing** web portal located at: <http://myhousing.emory.edu>. Students should consider the housing portal to be their primary source of housing information.
- b. The housing agreement is for a room assignment determined by the University and is not for a specific room, suite, lodge, house, apartment, or residential facility.
- c. Housing is guaranteed for first-year and second-year students only. Mutual requests for an assignment with a specific roommate will be honored when possible; however, roommate requests are not guaranteed.
- d. Room and roommate assignments are made without regard to race, color, gender, age, disability, religion, ethnic or national origin, sexual orientation, gender identity, gender expression, or veteran's status.
- e. Gender inclusive housing is offered and assigned based on application materials and space availability.
- f. Students may submit an online request for a room change during the designated period through their **MyHousing** web portal. All room changes must have prior authorization from the building supervisor or the housing office before the change occurs.
- g. The design occupancy of a room is determined by the University and may change at any time. If a vacancy occurs in a room, the student(s) remaining in the room must accept an assigned roommate, may buy out the vacant space if available, or may move to another room upon notification by the University. The occupant(s) must maintain the vacant space(s) in the room in a manner that will allow another student to move into the space immediately.
- h. The University reserves the right to reassign any student assigned to housing, at its sole discretion, including, but not limited to the following situations:
 - Contract violations
 - Administrative or programmatic needs.
 - Unresolvable conflicts or concerns within a community.
 - Facility maintenance, renovation, or closing.
 - Failure to remain a resident in good standing with the University.
 - To make the most efficient use of available accommodations.
- i. The University reserves the right to assign students temporary accommodations in the event regular rooms are not available. Students who accept a temporary assignment do so with the understanding that they may be given short notice to relocate to a permanent space.

- j. Room type configurations, e.g., single, double, and triple rooms are set in advance and may not be changed without authorization from the housing office.
- k. All furniture present in an assigned room at the time of move-in must remain in the room at move-out. Staff will not remove furniture upon student request.

9. MEDICAL ACCOMMODATIONS

Students who need a specific type of living environment or accommodation due to a documented medical/health condition must register with and request reasonable housing accommodations through the Department of Accessibility Services (DAS).

The recommended deadlines to submit a request to DAS for the fall semester are:

Rising juniors and seniors: March 15

Rising sophomores: April 1

First-year students: May 15

The recommended deadline to submit a request to DAS for the spring semester is:

All students: November 15

Reasonable housing accommodations will be offered based on recommendation from DAS and space availability. Consultation may take place with Emory Student Health Services and/or Emory Counseling and Psychological Services (CAPS).

10. ROOM ENTRY

The University reserves the right to enter a resident's room at any time. Entry into a room will be to verify occupancy, assess and repair the facilities, complete health and safety inspections, when there is an indication of imminent danger to life, health, or property, and/or reasonable cause to believe a violation of University policy or state or federal law has occurred.

11. RESPONSIBILITY FOR PERSONAL PROPERTY

The University does not assume responsibility for loss of or damage to a resident's personal property. Students and/or their parents/guardians are encouraged to carry appropriate personal property insurance to cover such losses.

12. RESPONSIBILITY FOR ASSIGNED SPACE

- a. Each resident is responsible for the condition of their assigned space and shall reimburse the University for damages to the space beyond normal wear and tear. The space includes but is not limited to connected spaces (bathroom, kitchen, living room, dining room, etc.), the interior and exterior of any door providing ingress or egress, as well as damage to or loss of fixtures, furnishings, or properties furnished under the agreement. The University shall have the right to bill a student's account for such damage, loss, or cleaning charges.
- b. The resident understands and acknowledges that (a) the assigned space is in a climate where temperature, humidity and other naturally occurring conditions normally allow the growth of mold and mildew. This occurs in locations where dampness or moisture are present; and (b) upon moving into the assigned space, the resident will have control over and knowledge about addressing conditions in the interior of the assigned space.

Therefore, the resident agrees to:

- set thermostats to provide appropriate climate control.
- ensure all air vents in the room are not blocked.
- maintain the assigned space in a clean condition by mopping, vacuuming, and wiping down surfaces.
- promptly remove visible moisture or condensation on floors, walls, windows, ceilings, and other surfaces.
- take other measures as may be necessary to prevent mold or mildew from accumulating in the assigned space.
- immediately report to the University any evidence of water leaks, mold, or mildew-like growth.

- c. Removal of University furniture from assigned space is prohibited. No alterations are to be made to the furniture or fixtures provided by the University and no construction or alteration of any type, including, but not limited to lofts, may take place within the assigned space. Additional furnishings brought into the space must be freestanding and clear of all existing fixtures, furniture, or walls. Rooms designated as super-singles (double room used as a single room) may have two sets of furniture, which must remain in the room. Items left in student rooms after checking out will be considered abandoned and disposed of by the University.
- d. Each resident is expected to review their online Room Condition Report (RCR) within five business days after occupancy and submit any additional room condition details. Residents who do not complete and update their RCR assume responsibility for the condition of any property within the assigned space and/or damage to their assigned space.
- e. When occupancy ends, residents may elect to obtain a room inspection by a Residence Life /Sorority and Fraternity staff member or utilize the Express Checkout option. After students vacate the premises, a staff member will inspect the residence to make final damage and cleaning assessments. Students are responsible for charges associated with cleaning and damages that occurred during occupancy as determined by the University. The University reserves the right to withhold all records of students whose financial indebtedness to the University has not been satisfied. Residents who fail to check out by the established move-out time may be assessed a late vacate fee of \$50/hour up to \$300 maximum.

13. RESPONSIBILITY FOR COMMON AREAS

Common areas include, but are not limited to, hallways, bathrooms, stairwells, elevators, lounges, study rooms, utility and storage rooms, and grounds and building exteriors. Items, including but not limited to, TV, antenna, satellite dish, etc., are not to be placed in or attached to any common area. Residents are expected to take every precaution to ensure that common areas are not abused or damaged in any way. Any individual who causes damage to the common area or University property shall be responsible for the payment of all costs required to repair such damage, no matter how such damage was caused. If the individual(s) responsible for the damage to common areas cannot be identified using reasonable efforts, then all residents of the apartment/ floor/building may be assessed equally for the damages. For community billing, common-area damage is defined as vandalism to property, excessive trash, fire extinguisher discharge, removal of bodily fluids, and/or furniture removal.

Common-area furniture or equipment should not be removed from their assigned location. Items left in common areas will be considered abandoned and will be disposed of by the University. The University reserves the right to bill a student's account for community damage or loss, including repair, replacement, and/or cleaning resulting from such damage or loss.

14. CANCELLATION OF AGREEMENT

- a. Students who wish to cancel their housing agreement may make their request by emailing the Office of Housing Operations at housing@emory.edu. Housing Operations will provide the student with access to the Housing Cancellation Request form via their **MyHousing** web portal.
- b. Cancellation requests are reviewed by a committee and students will be notified of the decision via their Emory email address.
- c. Review the financial consequences of seeking to cancel your housing agreement **before** submitting your request. If your request is granted a cancellation fee may apply, depending on when your request to cancel your housing agreement was submitted and if you are enrolled at Emory University.
- d. Juniors and seniors who are on the wait list for housing may cancel their housing application without penalty **before** they are assigned housing. Once a student is assigned housing, they are bound by the terms of this agreement.
- e. The following students are exempt from the housing cancellation fee:
 - students who reside on campus for the fall semester and graduate mid-year (December).
 - students who the housing office cannot accommodate due to lack of available rooms.
 - students approved for a leave of absence from the University.
 - students who participate in an Emory University approved study away/abroad program. Students studying away/abroad will need to reapply for housing for future semesters.
- f. Do **NOT** finalize other housing plans until after you are notified of the decision of your request for cancellation. If your request is granted, the Cancellation/Termination Fee Schedule below will apply.

15. CANCELLATION FEE SCHEDULE

FIRST YEAR STUDENTS

The cancellation policy does not apply to first-year student housing assignments **prior** to the first day of classes, because there is a First-Year Residency Requirement. If a first-year student does not wish to live on campus, they must complete a Housing Exemption form. If the exemption from living on campus is granted prior to the start of the semester, a cancellation penalty will not be assessed.

COVID-19 ADDENDUM TO THE 2021-2022 RESIDENTIAL HOUSING AGREEMENT

In response to the COVID-19 pandemic, the offices of Residence Life and Housing Operations are committed to providing an on-campus residential experience that supports the academic mission of the University, while following the health and safety recommendations and guidelines of health care and public health professionals to minimize the potential spread of the disease within the residential community.

Emory University has implemented preventative measures to reduce the spread of COVID-19 but cannot guarantee that you will not become exposed to or infected with COVID-19 or affected by any other public health crisis while living in University housing, simply due in part to the dense populations in the residence halls.

By executing this Addendum, you agree to and accept all terms and conditions in the Addendum, as well as those included within the online Housing Agreement and the Residence Life and Housing Policies. This Addendum includes an acknowledgment and assumption of the risk of residing in University housing.

1. **Health and Safety:** All residential students are required to comply with applicable Federal, State, and Local laws and orders, as well as the health and safety guidelines and requirements, including training, adopted by Emory University, as it relates to public health crises, including COVID-19 adherence to health and safety requirements. This includes but is not limited to physical distancing, which applies to all spaces in the residential buildings, including bedrooms, bathrooms, kitchens, lounges, fitness rooms, courtyards, and other common spaces. Furniture in common spaces has been configured to promote physical distancing efforts and should not be moved. Emory safety guidelines and requirements may change during the academic year depending on the course of the pandemic.
2. **Healthy Behaviors:** Students who live on campus are encouraged to:
 - Avoid close contact with people who are sick.
 - Limit face-to-face contact with others.
 - Wash your hands often with soap and water and avoid touching your eyes, nose, and mouth.
 - Cover your nose and mouth with a tissue or your sleeve when yawning, coughing, or sneezing.
 - Maintain at least 6 feet (two arm's length) distance between yourself and others whenever possible.
 - Monitor your health; stay in your residence hall if you are feeling sick and contact Student Health Services at 404-727-7551 and press "0" for the medical advice line.

- Use an alcohol-based hand sanitizer if water is not readily available.
- Clean and disinfect frequently touched objects and surfaces.

3. Face Covers:

All students are required to wear a face cover over their nose and mouth when moving throughout University housing and around campus, as required or necessary, and as personal health guidelines allow. Your face cover may protect others and their face cover may protect you.

4. Testing:

Students living on campus must follow the COVID-19 screening test and/or vaccination requirements.

5. **Quarantine and Isolation:** Residents are required to comply with requests to leave their assigned space due to COVID-19 or other public health emergency. As not all residence hall rooms are appropriate for self-quarantine or self-isolation, students for whom quarantine or isolation is recommended or required may not be permitted to continue residing in their residential space and will be provided alternative housing during the quarantine or isolation period. Reassignment from your assigned space to quarantine or isolation housing does not constitute a termination of a residential student's housing contract. Please note that, if there are many COVID-19 cases in a residential facility, Emory may have to close that facility for a period and move all or a portion of the students residing there to alternate locations, which may include off-campus locations. At any time, a student may be requested or required to leave University housing if their continued presence poses a health or safety risk for the residential community. Failure to do so is a violation of the Housing Agreement and the student may be subject to emergency removal from their assigned space.

5. **Room Changes:** Roommate assignments will remain unchanged for the entire academic year, except for emergencies or extenuating circumstances. This will help reduce the frequency of short-term resident interactions.

6. **De-Densifying Efforts:** All residential students are required to comply with any de-densifying efforts needed on campus due to COVID-19 or other public health emergency, including, but not limited to, the relocation of all or some residential students to alternative housing and adhering to the maximum capacity limit posted in the applicable common spaces.

7. **Campus Dining Services:** Dining services, including where and how it will be offered to residential students, is subject to the discretion of the University and will be modified to address public health and safety concerns. This may include, but is not limited to, limiting the occupancy in dining locations, limiting the amount of time students may spend within the dining locations, and/or making operational adjustments as needed.

8. **Force Majeure:** If, at any time during the Term of a University Housing Agreement (the "Contract"), Emory determines that closure of Emory residence housing ("Closure") is necessary or advisable due to an emergency, as a result of any governmental order or action, or a Force Majeure event ("Emergency Event"), Emory may terminate or suspend the Contract. Suspension of the Contract does not extend the Contract Term. Upon cessation of the Emergency Event, as determined by Emory, the Contract suspension will cease, and the Contract and all its terms and conditions continue in full force and effect. **Force Majeure:** Force Majeure is defined as: 1) acts of God; 2) war; 3) act(s) of terrorism; 4) fires; 5) explosions; 6) natural disasters, to include without limitation, hurricanes, floods, and tornadoes; 7) failure of transportation; 8) strike(s); 9) loss or shortage of transportation facilities; 10) lockout, or commandeering of materials, products, plants or facilities by the government or other order (both federal and state); 11) interruptions by government or court orders (both federal and state); 12) present and future orders of any regulatory body having proper jurisdiction; 13) civil disturbances, to include without limitation, riots, rebellions, and insurrections; 14) epidemic(s), pandemic(s), or other national, state, or regional emergency(ies); and 15) any other cause not enumerated above, but which is beyond the reasonable control of Emory and which, by the exercise of all reasonable due diligence, the University is unable to overcome.

Assumption of Risk: I acknowledge that, by residing in the Emory residence facilities during the Pandemic, I may be exposed to COVID-19, and I understand, and I accept all risks to my health that may result and that

Emory cannot control these risks. I understand that Emory is not responsible for any medical or other expenses associated with any illness I may sustain.

I acknowledge having reviewed and understood the information as presented, and I indicate my willingness to abide by the requirements, guidelines, and responsibilities as outlined in the Housing Agreement, the Residence Life and Housing Policies, and this Addendum. If you believe you cannot meet or comply with these requirements and responsibilities, do not sign this Agreement/Addendum.

I _____, agree to the terms and conditions of this agreement and addendum and assume all financial obligations.
